

Type / Table Bases

Collection / ASSOS

| Pcs/box | Length (cm) | Width (cm) | Height (cm) | Gross Weight (~ kg) | Net Weight (~ kg) | CBM m ³ /box |
|----------|-------------|------------|-------------|---------------------|-------------------|-------------------------|
| 1pcs/box | 72,0 | 33,0 | 13,0 | 3,9 | 3,2 | 0,031 |

Material

High pressure die-casting aluminum

Recyclable product

Technical Information

- Outdoor
- Corrosion Resistance
- Adjustable table level for rough floors
- Precisely CNC machined
- Surface treatment processes
- Coated with electrostatic powder

Coating

Electrostatic powder coating with certified class 1 high quality chemicals from top brands.

Color Options

Certifications

Qualicoat Class 1: P-0145, P-0846, P-0673, P-0800, P-1661

GSB Florida 1: 171e

Marine CE 0575, CE 2690

- This powder coating complies with the European Directives "Restriction of the use of certain hazardous substances" 2011/65/EU and 2015/863/EU (RoHS)
- Meets the requirements of AAMA 2603-15
- Meets the requirements of EN 12206-1 (formerly BS 6496), EN 13438 (formerly BS 6497)
- Classification A2 (non flammable) of reaction to fire in accordance with NF EN 13501-1 + A1: 2013

Maintenance

It is recommended to clean the products regularly especially in humid or marine climate locations to keep them in good condition for a long time. Clean the surfaces using a soft cloth with water or mild detergents. Prolonged and continuous exposure to intense UV radiation from sunlight or very low temperatures can negatively affect the coating therefore to keep products in sheltered places during non-use periods is strongly recommended.
